CREATION - CRAFT ACTIVITY

You will need:

**Wk 1:** Black sugar paper, green paper, blue paper, star stickers, planet stickers, or you can follow this link for pictures to cut out and stick: [PLANET CUTOUTS](#) (For best size for craft, right click pic ‘Planets Cutouts’, then paste 2 side by side on landscape layout.)

Wk 2: Fish stickers, bird stickers, tree templates - print off

Wk 3: Animal 3D templates - link given

INSTRUCTIONS:

**Week 1** – Large, black circular sheet (dinner plate size).
Put on top green circular piece to represent the earth. (tea plate size). Only stick centre piece so that trees can be tucked under next week)
On that, stick curvy piece of blue to represent the sea.
Stick on sun, moon and planets etc... to go on outer edge

---

Week 2 - Using the template page, colour in the trees and then cut them out. Tuck the bases underneath the ‘earth’ on last week’s craft.
Use the fish stickers to stick onto the sea and the bird stickers for the trees.

---

Week 3 - Make animals to sit on earth. Colour in the templates and then fold them so that they will stand up on the earth. If you would like to stick them, then cut an extra section beyond the end of each leg that can be tucked under and glued, or fixed with sticky tab.
CREATION - Genesis 1

Across

1 Dry land
2 Space between waters of heaven and earth
6 Seed-bearing fruit and plants
9 Light governing day
10 Word God used to describe everything he had made
12 Birds and fish created on which day?

Down

3 The earth was ______ before creation
4 God created this first
5 Human beings made to ______ over animals
7 Darkness was called this
8 Light governing night
11 How many 'days' did creation take?
